Laurence Grand-Clément

Founder and CEO, Persee

Director MoZEES - Mobility Zero Emission Energy Systems

Based in Lyon, Auvergne-Rhone-Alpes, France

History and background:

Laurence Grand-Clément is a pioneering entrepreneur in technology and sustainability, particularly in the hydrogen sector. As the founder of Hyggle, Persee, and Enhywhere, she is dedicated to developing innovative solutions for digital and hardtech challenges. Under Persee, she has notably taken part in 4 FCH JU funded maritime projects involving hydrogen in gaseous, liquid and ammonia form (namely MARANDA, SHIPFC, FLAGSHIPS, HYSHIP). A graduate of Ecole Polytechnique and the Insead-Wharton alliance, Laurence is known for fostering creativity and collaboration in her mission to drive positive global change.
